

## ASP Science Steering Committee (SSC)

***Purpose:*** Enhance effectiveness of ASP

### ***Functions:***

Provide support and counsel to Chief Scientist and Program Director

Identify, propose, evaluate, and recommend field campaigns

- Define scientific focus
- Conduct long range planning to assure that field projects meet program objectives and requirements

Establish and maintain connections to external communities

- Partners in field studies
- Modelers who may use ASP models and/or articulate unmet modeling needs
- Assessment community such as CCSP and IPCC

Recommend focus for future ASP announcements
